

Browse the Online Course Catalog

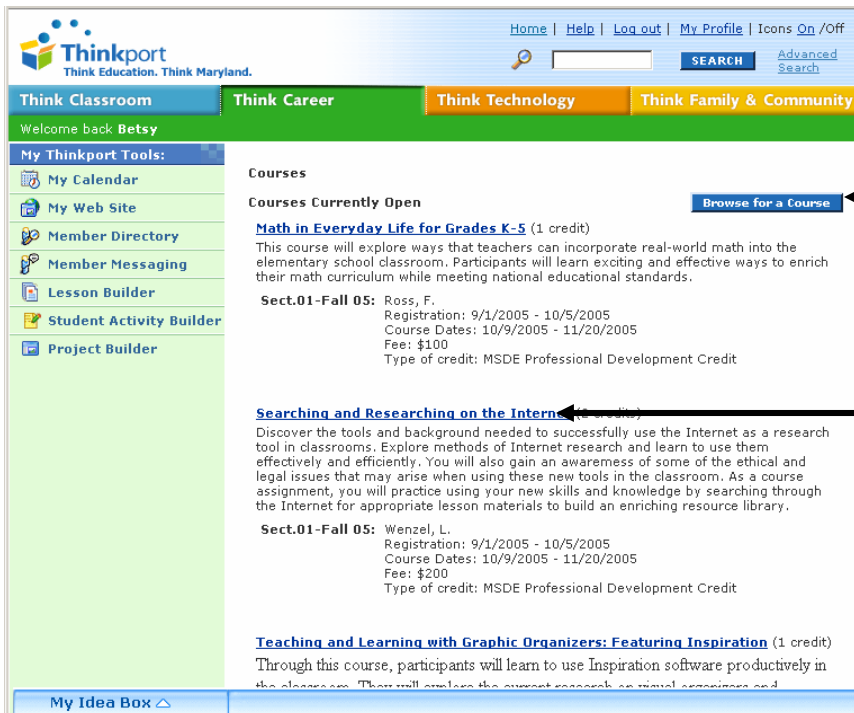

In this exercise you will learn how to find an online course.

1. Log in to Thinkport (You must be logged in to enroll in a course).
2. Locate **Think Career** links on the homepage.
3. Select **Course Enrollment**

Think Career links and Course Enrollment link

4. Select the **Title** of a course for more information or select **Browse for a Course** to see other offerings.

Select "Browse for a Course" and receive a searchable list of all courses

List of Courses open for enrollment includes course description, dates, cost, credit, etc.

5. Select the **Title** of the course for more information as well as the opportunity to **email yourself a reminder, add this course to your calendar** and **select to be notified when another section of the course is open for registration**.
