Teaching and Learning with Graphic Organizers: Featuring *Inspiration*®

2 Credits (provider PBS TeacherLine) Grades K-12

Learn how to use electronic graphic organizers effectively across the curriculum and throughout all grade levels and explore the use of *Inspiration*® software for presentations, personal productivity, and in connection with a learning station or lab.

- Upon successful completion of this course, receive a free licensed copy of *Inspiration*® 8.0 software!

Enabling Students with Special Needs to Succeed in Math Class (Grades 4-8)

2 Credits (provider PBS TeacherLine)

This course focuses on how to promote equity in mathematics education for students with disabilities. Learners will develop new instructional strategies for making mathematics more accessible for students with disabilities and develop a plan to incorporate accessibility strategies into their daily teachings.

- Upon successful completion of this course, receive a free Thinkport lunch tote!

Integrating the Internet into the K-2 Language Arts Curriculum

2 Credits (provider PBS TeacherLine)

This course is designed to give elementary school educators numerous Internet resources for use in the classroom, as well as an understanding of how to successfully integrate such resources into existing curriculum in a meaningful way.

- Upon successful completion of this course, receive a free Thinkport water bottle holder!

Math in Everyday Life for Grades K-5

1 Credit (provider PBS TeacherLine)

Learn new ways to enrich your math lessons with illustrations drawn from the real world by examining the importance of problem solving, calculators, and the Web in the elementary classroom while addressing national math standards.

- Upon successful completion of this course, receive a free Thinkport watch!

Session: Eight weeks, October 3 to November 28, 2006
Enrollment: August 25 to October 2, 2006
Credit: 1, 2 or 3 MSDE CPD credit(s) (with local approval)
Cost: \$150 per credit

Early Registration Discounts

50% off per credit (August 25th – September 8th)
25% off per credit (September 9th – September 22nd)

How to Use Digital Content in Your Classroom

(2 credit) Provider CTE

In this **self-paced** instructional module, you will learn specifics of capturing, transferring, and editing digital images and video, and how to create instructional products using those media. Learn through practical applications that are transferable to the classroom.

Collaborating to Differentiate Instruction

(3 credits) Provider CTE

This course provides an overview of differentiated instruction with a focus on when and how to implement differentiated strategies to enhance learning. Participants identify, analyze, implement, evaluate, and reflect upon various differentiated instructional strategies. Participants will learn to identify differentiated instructional strategies by analyzing current theoretical research and authentic classroom examples.

How Do I Enroll?

1. Go to www.thinkport.org (**registration is required and FREE!**).
